

Westinghouse Park Update

Westinghouse Park Advance Planning Project

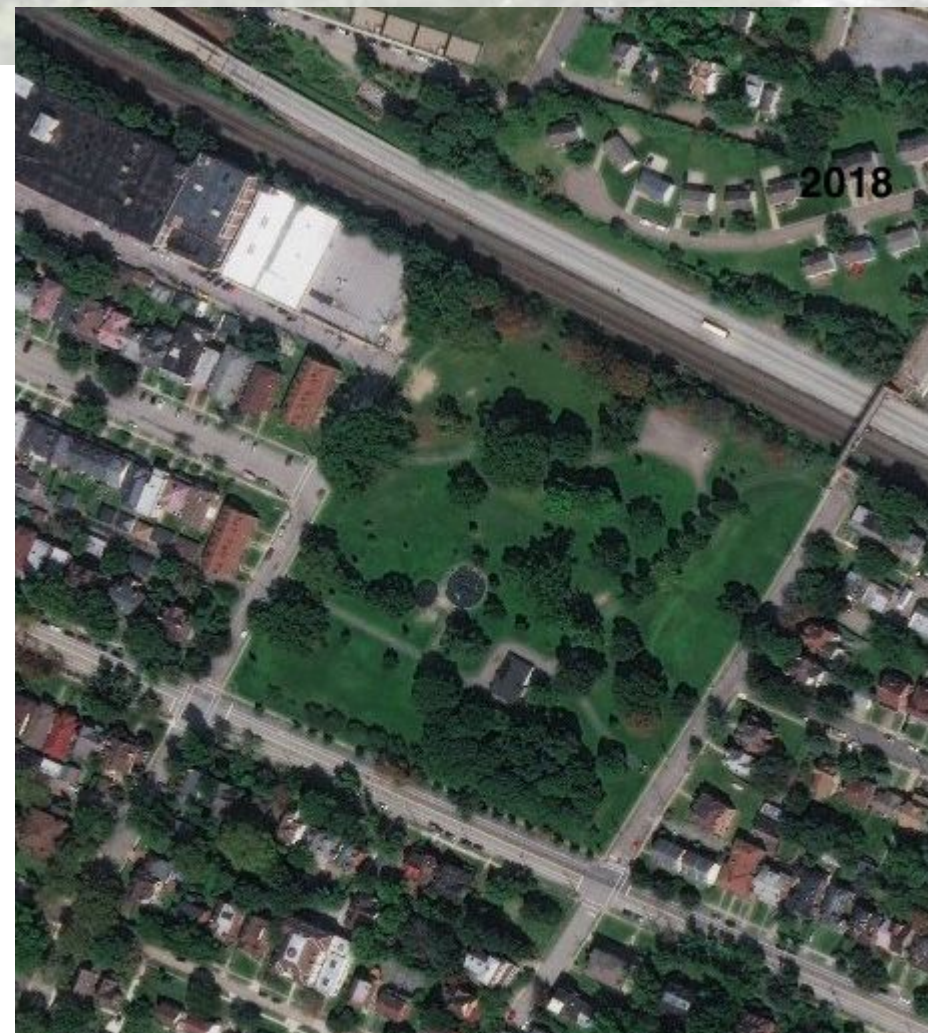

Purpose

The purpose of the Westinghouse Park Advance Planning Project is to gather ideas and input from

- Neighbors
- Park Users
- Other Stakeholders
- The Community at Large

about the future features and uses of Westinghouse Park.

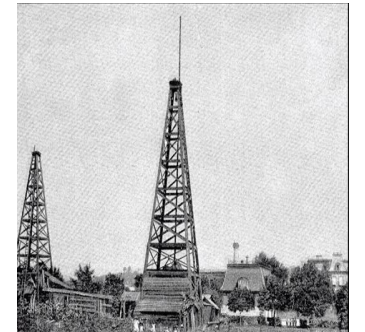

Focus Areas

Information gathering and ideas will focus on 4 areas:

- Community Engagement
- Environmental Stewardship
- Historical and Cultural Significance
- Recreation

Achieving a good balance of these four interests is a primary goal of the Advance Planning Process.

Organizers

Point Breeze North Development Corporation (PBNDC) and Westinghouse Park Second Century Coalition (WP2CC) are partnering to organize these efforts.

Funding for the project is provided by the URA's Neighborhood Initiatives Fund and by ICON Development.

Goals

Our aim is to represent community interests in creating a space that is designed for many types of users and is truly welcoming to all.

City of Pittsburgh Department of City Planning (DCP) will use the outcomes from Advance Planning to develop their Request for Proposals (RFP) to create a Park Master Plan.

Public input will be gathered throughout the process.

Next Steps

- Activities expected to begin this summer include:
 - Update to the 2013 tree survey
 - Research to support a Determination of Eligibility for Westinghouse Park on the National Register of Historic Places.
- You are invited to an online Community Update on **Monday, August 3, at 7pm**. Please bring your ideas and suggestions for the future of Westinghouse Park!
- If you regularly receive invitations to PBNDC Community Meetings you will receive an invitation to the Update.
